

ASHOK E

Full Stack Developer

+91-6379760879 | ashokatg16@gmail.com | Chennai, Tamilnadu | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Developer with expertise in the MERN stack (MongoDB, Express.js, React.js, Node.js). Experienced in building scalable web applications with robust API development and responsive front-end design. Strong ability to analyze requirements, debug issues, and implement efficient, maintainable solutions. Collaborates effectively with cross-functional teams to deliver high-quality features within project timelines. Continuously enhances technical skills through hands-on projects and modern development practices.

CERTIFICATIONS

Certification in Full Stack Web Development (MERN Stack) Illinois Institute of Technology, USA

Mar 2025 – Dec 2025

- Learned core web technologies including HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB.
- Built end-to-end full stack applications implementing authentication, role-based access, RESTful APIs, and CRUD operations.
- Developed responsive user interfaces and integrated front-end components with backend services.

Certification in Full Stack Development (MERN) Entri Elevate & National Skill Development Corporation (NSDC)

Mar 2025 – Dec 2025

- Gained hands-on experience in frontend development, backend API creation, and database design using real-world use cases.
- Implemented secure authentication, form handling, state management, and database operations in full stack projects.
- Completed real-world projects focused on scalable application architecture, performance optimization, and deployment.

SKILLS

Frontend Development:	HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, React.js, Redux, React Hooks, State Management, Responsive Web Design
Backend Development:	Node.js, Express.js
Database Management:	MongoDB, Schema Design, CRUD Operations
Version Control:	Git, GitHub
APIs & Web Technologies:	REST APIs, JSON
Web Development Concepts:	Responsive Web Design, Component-Based Architecture
Soft Skills:	Problem-solving, Analytical thinking, Team-oriented, Team collaboration

PROJECTS

Hospital Management System

[GitHub](#)

Frontend Developer | React.js, Tailwind CSS, JSON Server | GitHub | Netlify

- Developed a responsive, mobile-friendly web application for efficient patient and staff management in a maternity care center using React.js.
- Implemented appointment scheduling, patient registration, and admin modules with structured data handling via JSON Server and modular components.

Ensured accessible UI/UX, smooth data flow, basic role-based functionality, and maintainable code for cross-device usability.

EXPERIENCE

Caliber Business Support Pvt Ltd (Deputed at CITI Bank) Clearing Department

Nov 2023 - Feb 2025

- Handled the high-volume cheque clearing operations, reducing processing errors through careful verification of signatures and account details.
- Supported smooth inter-department coordination, improving turnaround time for customer issue resolution.

EDUCATION

Bachelor of Computer Applications from PRIST University, Chennai.
